Letter of Recommendation concerning Mr. John Cooper of Southeastern Properties & Development company.

Mr. Cooper served as general contractor on the addition of a room (approx 15.5' X 14') and a deck (approx 14' x 12') to our house. I found him to be honest, trustworthy, and faithful to his word. He suggested changes that resulted in saving us hundreds of dollars, and which increased the overall look and comfort of the room and deck. The work was finished a week early. I highly recommend Mr. Cooper. I have found him to be very professional and accommodating.

I would welcome any calls to answer questions concerning Mr. Cooper or his work.
